Trinity Methodist Church

This course is purely for the enjoyment of singing and/or playing music. We are not a choir and no perceived ability to do either is required. If you only sing in the shower that's fine! Everyone welcome. We don't provide music, but words and chords are projected onto the wall. We sing and accompany a very wide variety of songs old and new, including folk and sea shanties, classic pop, American song book jazz etc. We would like it to be a proactive group where members feel relaxed enough to request songs and/or lead them if they wish and make suggestions. Otherwise, the course leaders will choose around ten songs each. We have a coffee break when members are encouraged to socialise. All instrumentalists welcome whether you sing or not. Likewise, singers who don't play an instrument are welcome. There is a beautiful piano available for anyone who can play.

Venue surcharge - £5 autumn and spring.

Group Leader - Chris Brown

Fortnightly Monday 2 – 4 pm

14/9/26 - 23/11/26 and 11/1/27 - 22/3/27

Draughton Village Hall

This is a theoretical and practical creative music course supported by piano. We will explore how to develop your music ideas, come up with creative musical phrases and fit them into a musical framework – the start of improvisation and song composition. You will prepare your own musical ideas, (on your instrument or sing them out loud), and then transfer these ideas to piano, explore, harmonize and then develop them into improvisation and possibly a song melody. This course is aimed at musical instrument players with some experience/competency of chords, scales and arpeggios. Any instrument will be fine. In preparation for the above, we will also work on well-known pop and jazz songs, playing from memory/by ear without music and a mix of musical theory with practical demonstration, harmony and chord progressions.

Venue surcharge - £10 autumn and winter.

Occasionally, a member of the group may offer a more formal short input to inform and focus our discussions. The group is not intended to be a forum for political knockabout from entrenched positions, (although members will clearly have, and express, their own views), but rather an enlightening experience from which we emerge having learned something new and/or questioning our previous assumptions and interpretations.

Weimar Republic

Group Leader - Nigel Holden

Fortnightly Thursday 10am – 12pm

Oct 8th and 22nd, Nov 5th and 19th, and Dec 3rd

Swadford Centre

The combination of defeat in 1918 and the exceptionally harsh terms of the Treaty of Versailles in 1919 traumatised the German nation. Against this grim background the newly installed Weimar Republic sought to bring democracy and stability to post-war Germany. But it was destined to preside over a tumultuous, fractious era only to be ousted in 1933 to make way for the Nazis under Adolf Hitler. But the Weimar Republic was no mere 'mechanical', let alone inevitable prelude to the Third Reich. It was also a period of striking developments in new social freedoms as well as in art, architecture and cinema. In short, the Weimar Republic was a momentous, epoch-changing era in German and hence European history. Try to attend all five talks.
